

NPS 1200 Series Metal Folding Chair, Padding & Heavy Duty Vinyl

Model 1203

Most upholstered folding chairs only have part of the seat upholstered and the back isn't even upholstered. Look at our chair, the entire seat and back is upholstered. Features all the goodies you've come to expect, like double hinges, double contoured back, two "U" shaped riveted cross braces, non marring glides and V tip stability caps. Our vinyl is heavy duty 19 mil vinyl wrapped over 1 1/4" foam.
