

600 Series Blow Molded Folding Chair

Contoured Seat And Back For Comfort

This high quality Blow Molded Resin Plastic folding chair features a contoured seat and back for comfort. Lightweight for easy handling, they are stain resistant and perfect for easy setup and tear down, indoors or outdoors. Textured powder coated frame in grey has two crossbraces for strength. ANSI BIFMA approved.

- Blow molded plastic "gives" a bit more allowing for a more comfortable seat.
- ANSI BIFMA approved up to 300lbs, while most Lightweight Plastic Chairs are not. It is heavier duty, while still an outdoor/indoor chair.
- Slightly textured seat & back to hide dirt & scratches.
- Protective floor glides guard against skidding.
- Use chair caddy DY35 to hold up to 28 chairs or DY50 for up to 40.
