

Veneer Contemporary Table Lectern with Sound

Custom built-in 75 watt Multimedia Amplifier Sound System for audiences up to 7500 people or 75,000 sq. ft. Four 4-inch speakers mounted on radius corners with radius grille, contribute to the luxurious appearance and afford high quality audio amplification. Multi-media capabilities include capacity for 2 microphones and one wireless user. Inputs for tape and CD and extension speaker and recording outputs. AC plug and optional battery operation standard. Reading lamp illuminates generous reading surface large enough for 3 ring binder. Digital timepiece included. When placed on #901 Base, Total Height 48". One shelf each 9"H x 11"L x 23"W.

Self contained solid state multimedia amplifier offers three mics and one line in for CD/Tape play plus optional wireless mic. Two line out jacks provide expansion possibilities for additional speakers and tape recording; and sound may be customized via the full range tone controls.
