Natural Stone

Durable Low Maintenance

Smooth Solid Top

outdoor
lifestyle

Our stone inlay tables are hand-crafted using only natural stone. Pieces are individually cut, shaped and laid by hand, making each table unique. You have a choice of imported European travertine or marble in several designs.

The stone is bonded to a solid backing board using our exclusive process, and the application of a durable sealant makes the surface stain resistant. The tables are tested for extreme climates and can withstand freezing temperatures without swelling or distorting.

We have a wide range of sizes, from small, 70cm round tables, to large 250cm rectangular tables. All our stone tables are available with a 52mm diameter umbrella hole and a Lazy Susan as an option.

| SKU | Description |
|---------------------------|--|
| Accessory Tables | |
