

Two sided, tone-on-tone textured linens are a must for the not-so-casual coterie. The fine details of this collection make for true design versatility. The 128" round Chizel table cloth can be used on a 72" table to show off its decorative scalloped edging, or gracefully draped on the floor on a 60" table setting, while our color-cast embroidered chair band transforms a banquet chair for a more "finished look".
