

Cleaning & Care for Your Bright Table Linens

General Care and Washing Instructions for Most Table Linen

- Make sure your washer and dryer are in good working order with no rough areas that might snag fabric.
- All linens should be free of excess food. Shake to remove foreign debris.
- Wash dark colors separately.
- Wash like fibers together. Do not mix Polyester with Poly/Cotton Blends, etc.
- Do not overload washer or dryer.
- Gradually cool linens in dryer to avoid temperature shock and excessive wrinkling.
- Fold immediately after taking out of dryer.

Due to the poly/cotton construction of the Printed Damask fabrics (Aloha, Antique Fruit, Bombay, Borghese, Camelot, Maui, Sara and Splendor), there will be some color loss in the cotton threads. After the laundering process, the damask design will be more visible, therefore enhancing the look of the cloth.
